

Real in all the ways that matter:

Weaving learning across the
curriculum with Mantle of
the Expert

Viv Aitken

Open this book to discover why and how you can transform your classroom with the Mantle of the Expert approach to dramatic inquiry. The theoretical sections and the descriptions of practice are as carefully created, presented, and engaging as Viv's masterful teaching. Inquire, savour, and then share this gem with your teaching colleagues.

Prof Brian Edmiston, Ohio State University, USA.

A powerful and important book of and for its time. How we might imagine classrooms alive with wonder and joy sits at the heart of this deeply practical book.

Prof Peter O'Connor, University of Auckland.

This gem of a book is a timely contribution to creativity, drama and curriculum integration. From beginners to experienced teachers, all will find

something that inspires within these pages. This informative book brings to life what it means to offer a challenging, ethical, and exciting curriculum for students.

Dr Deborah Fraser, former Professor of Education, University of Waikato.

Viv Aitken has written a wonderfully accessible guide to Mantle of the Expert and its application in education. Created for teachers, this book will give you everything you need to understand the approach and bring it alive in your classroom.

Tim Taylor, author of *Beginner's Guide to Mantle of the Expert*.
