

Mantle of the Expert Training at a Mantle of the Expert School in Wales

Are you looking to explore a pedagogy that complements and enables authentic context for the curriculum for Wales to be successful? Have you heard of Mantle of the Expert? Interested? Then this could be the experience for you.

At **Priory Church in Wales Primary School** we are a Mantle Of the Expert school and as such use this pedagogy as a vehicle to drive our learning forward.

This pedagogy gives our learners a purpose for their learning experiences and enables them to become ambitious, capable learners, healthy, confident individuals, ethical, informed citizens and enterprising, creative contributors.

We are **hosting an event** at our school in Brecon on **Wednesday 28th June**. Timings of the event are **9:30-3:00pm**. There will be **demonstrations of practice** with children and staff from our school, which will be reflective of the new **Curriculum For Wales** pedagogy. The day will be interactive, enabling you to come away with ideas and practice you can take back to use in your classroom.

There is a small cost to the event of £50 per person. Unfortunately lunch is not included.

We invite you to **look around our school**, explore our learning environment and **take part in workshops** with Tim Taylor. Tim is author of *A Beginner's Guide to Mantle of the Expert* and is national and international trainer in the approach, he works in schools, universities, and online at www.mantleoftheexpert.com.
